

Rockwell Part

Rockwell Parts - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for technology, delivery, quality and service. They believe in working in an environment which encourages the utmost integrity with empowered teamwork, together with a relentless pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of ecological stewardship and safety in how they do business. The company has put various programs in place to be able to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever questions or comments, since they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely devoted to preserving and improving the surroundings. AxleTech has an EHS program that not only protects the natural environment but which also actively protects their neighbors and employees also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both commercial and military applications. These applications range from airport ground support to construction equipment. AxleTech specifically designs axles to meet certain application demands. They have more than one thousand different axle specs in their present offering. With over 100+ years of history and knowledge, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The company is well known in many military and commercial applications. They offer complete axle assemblies used for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have added details that can be seen in the "ISAS" product collection.
