

Forklift Electrical Parts

Forklift Electrical Parts - Lift trucks along with various lift trucks may have particular labels used in certain hazardous locations. The mark denotes that this particular model of lift truck meets the minimum standards of ANSI/UL 553 intended for electric forklifts or ANSI/UL 558 for internal combustion engine lift trucks.

Applications for labeled lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance provider and Fire Marshall for additional information on the permitted uses of industrial powered forklifts in your application.

If the lift truck has been proven to satisfy the outlined standards, the following labels can be put. A marked truck would have the type description located on the lift truck nameplate and will have one of the following labels placed.
